The fight was scheduled for eight

Batterymen Begin Work Camfurine Mass., Feb. 14.—Battery men of the Rarvard baseball squad began work in the cage today. The infielders and outfielders will be given conditioning work in the gymnasium until the weather permits outdoor practice.

San Francisco, Feb. 14 .- Zenzo Shimidsu, member of the Japanesa Dawis cup team, which reached the final round of the 1921 national this tennis matches, arrived here with his bride from Japan yesterday. He was married in Nippon. He will re-turn to New York.

Voted to Beduce Players.

New York, Feb. 14.—The Interna-tional League of Baseball Clubs today

The first part of the first balf was 15 to 7 in favor of

and is about equal to value to the one of concrete and the board floors in grown against the south side of a buildthe cooler climates should be covered with about a quarter of an inch of sand beneath the necessary litter. Both floors cost about the same and like the concrete, the wood floor should be made of two layers of boards with a middle layer of tar paper. The grooved flooring. In order to prevent dampness, the rotting of the timbers and the ravages of rats, the should be set up on posts about 18 inches from the ground.

PBUNE GRAPE BINES WITHOUT DELAT

If growers are to secure the really fine grapes which can be produced in this section, the vines, if not already pruned, should receive attention this month or in March. The vine that is neglected and allowed to go unpruned monin or many more soon becomes a strawberry plant that would product two hundred berries or pumpkins that wood and weak canes, and while many wood and weak canes, and while many hid the corn, as the pictures in some unreliable satalogs indicate.

hard and then covered with an inch buds on well ripened cames. The vice

paper need not be used.

The wood floor has many advocates Perhaps the most convenient is the two with a middle layer of tar paper. The be tied to a stake. During the next wintop layer should be of tongue and ter it is well to cut back the first season's growth to a stake. The third vest nbers is soon enough to put vines on a trei-

> PERRUARY GARDEN REMINDERS. If the good corn has not been tested ow is the time. The rag doll system elmple and efficient. It is much better to spend a little time now weeding out the ears low in germination than spend several days in the busy season this sununer replanting corn.

Beware of the seed catalog with the
